

## New Kenworth T680 Brochure Now Available

KIRKLAND, Wash. – Kenworth has published a new Kenworth T680 brochure with the latest, comprehensive information on the company's popular flagship on-highway truck.

Kenworth has expanded its offerings for the T680, which was originally launched four years ago as a 76-inch sleeper and day cab. The T680 is now also available with 52-inch and 76-inch mid-roof sleepers, along with the company's new 40-inch sleeper. The T680 provides an excellent fuel-efficient, productive and driver-friendly truck for over-the-road fleets and truck operators in line haul, pickup and delivery, and regional hauling applications.

The 34-page T680 brochure provides information on Kenworth TruckTech+, driver performance technology, power management technology and the Kenworth Idle Management System, Kenworth Nav+ HD system, interior colors and options, and Kenworth seats with superior comfort, adjustability, ride suspension and personal climate control. Kenworth PremierCare(R) parts and service programs also are highlighted.

The Kenworth T680 is standard with the PACCAR MX-13 engine rated up to 500-hp and 1,850 lb-ft of torque, and also is available with the new PACCAR MX-11 engine with up to 430-hp and 1,550 lb-ft of torque. Both engines offer optimum performance, industry-leading reliability and durability, and a quiet operating environment for drivers.

The Kenworth T680 Brochure is available from Kenworth dealers in the United States and Canada or online ([www.kenworth.com/media/52923/t680-brochure-0316.pdf](http://www.kenworth.com/media/52923/t680-brochure-0316.pdf)). More information on the T680, and an online configurator enabling customers to spec their T680, are also available ([www.kenworth.com/trucks/t680](http://www.kenworth.com/trucks/t680)). The Kenworth T680 with the PACCAR MX-13 engine received 2013 Heavy Duty Commercial Truck of the Year honors from the American Truck Dealers (ATD).

In addition, a Kenworth T680 video is available for viewing on YouTube ([www.youtube.com/watch?v=bpOsleRBrg8](http://www.youtube.com/watch?v=bpOsleRBrg8)).
