

Kenworth Offers Special Savings with New T880 Construction and Chrome Program

LAS VEGAS, Nev. – Kenworth announces the Kenworth T880 Construction and Chrome program for special savings on qualifying purchases of new Kenworth T880 chassis during March 2017. The announcement was made today in conjunction with the CONEXPO-CON/AGG trade show at the Las Vegas Convention Center.

**Kenworth T880 Construction
and Chrome Package**

In time for the upcoming construction season, the Kenworth T880 Construction and Chrome program features \$1,000 savings direct to the customer per new T880 purchase, plus up to \$2,000 in additional value with no-cost chrome or polished options. Featured chrome or polished components include chrome mirror shells, polished stainless steel sunvisor, tapered chrome or polished aluminum bumper, polished right-hand under-cab DPF/SCR cover, and single or dual lower chrome exhaust elbow depending on configuration.

The program is for T880 Day Cab, full-truck (non-fifth wheel) configurations only, perfect for the construction industry for dump, ready-mix, crane, and flatbed applications. Chassis must be ordered from your Kenworth dealer in March.

"We appreciate the support for the Kenworth T880 from construction truck operators. The T880 Construction and Chrome program provides a \$1,000 cost-savings opportunity to purchase a premium Kenworth T880 – designed to maximize uptime, productivity and driver comfort – and also add some nice chrome and polished features at no cost," said Kurt Swihart, Kenworth marketing director.
