

TransPower Kenworth – Valdosta Relocates To Larger, Full Service Facility

VALDOSTA, Ga. – Committed to enhancing its facilities and offering an excellent location for fleets and truck operators, TransPower Kenworth – Valdosta has moved its dealership to a new building, located near a major truck route.

TransPower Kenworth – Valdosta

The new location is at 1527 Madison Hwy in Valdosta, one-mile north of its previous facility with easy access to I-75, a heavily traveled north and south interstate truck route. The nearly 20,000 square-foot, full-service facility is located on five acres in Valdosta, Ga., and features 10 service bays and a well-stocked parts department.

“We outgrew our previous location and needed to make a change to increase our support to customers. We are committed to meeting future market demands and this new location will help us achieve that,” said David Joy, parts director for TransPower Kenworth. “The new facility is a larger optimized layout, which enabled us to upgrade to full new and used truck sales, while providing parts and service support to our customer base.”

Hours of operation are 8 a.m. to 5 p.m. Monday through Friday and 8 a.m. to 12 p.m. Saturday. The phone number is (229) 259-9393.

TransPower Kenworth has served the South Georgia medium and heavy duty truck market since 1959, and currently also operates Kenworth dealerships in Albany and Douglas, Georgia.
